PRESS RELEASE

24th March, 2010

Bill Donaldson joins Quest Offshore.

Quest Offshore Resources Inc. is pleased to announce the appointment of Mr Bill Donaldson as Scotland/North England manager.

Mr Donaldson is joining Quest Offshore from the marine contracting world where he has extensive experience in operations, sales and marketing built up over the last 30 years.

Nick Search, Vice President at Quest said: “Bill is an excellent addition to the global Quest Team. His wealth of knowledge of the intricate offshore markets in Africa, North Sea and Middle East, together with his experience and prior usage of the Quest Database Systems, enable him to efficiently share this direct experience with our clients, optimizing the benefits of the services and systems they subscribe to.

His 15 years of working in Aberdeen allows Bill access to many key clients there, in Scotland and Northern England which dove-tails very well with Quest’s wide range of global clients.”

Mr Donaldson reports directly to Nick Search and will also be making on-going contribution to research projects.
